# *Stay at the cutting edge of the current and future technologies of diagnostics with the CDROM Interface*

- ◆ Since 1989, your TEP92 has enabled you to diagnose all PEUGEOT vehicles and their electronic functions such as injection, air conditioning, ABS...
- ◆ Following the technological development in PEUGEOT vehicles, it is important for TEP92 to make advances in diagnostics to ensure it remains current technology...
- ◆ Thanks to the CD ROM Interface, the lifespan of your TEP92 will be extended until the year 2000
- ◆ Furthermore, the CD ROM Transmitter is compatible with the DIAG 2000 ACTIA

# THE INTELLIGENT CD ROM INTERFACE

## ITS TWO FUNCTIONS

### 1. CASSETTE DOWNLOADING

- *The CD ROM Interface, connected to TEP92, allows you to program your TEP92 cassette at each updating with the CD ROM and the smartcard provided with the subscription.*

*The next updating of the TEP92 cassette with a CD ROM will be supplied from February 1996*

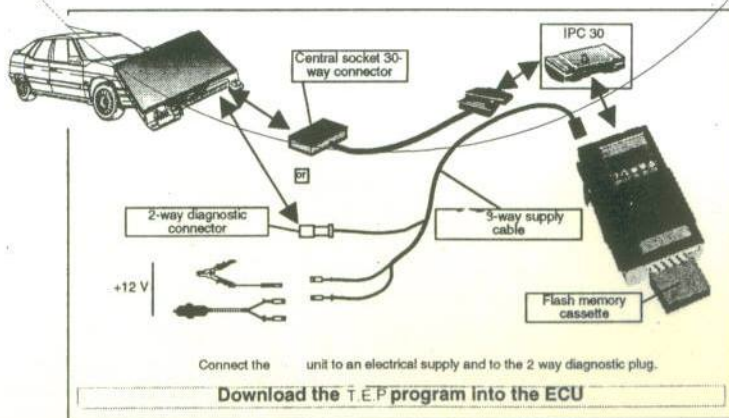

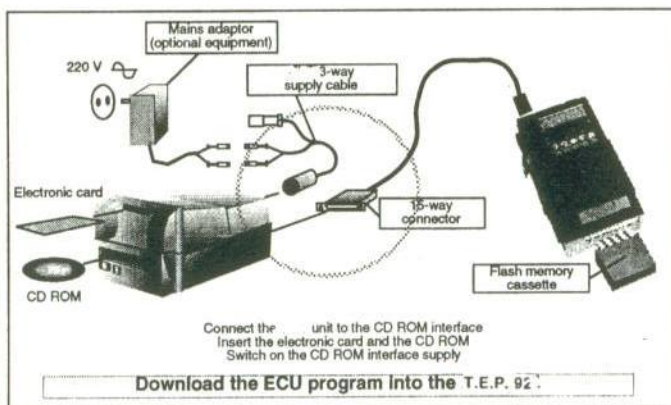

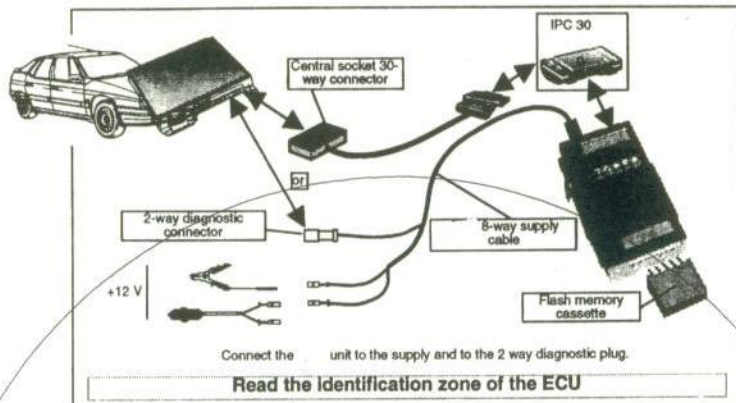

## 2. ECU DOWNLOADING

- *The three next phases of connection allow you to program the ECU's of the PEUGEOT vehicles equipped with Flash Eprom technology which means :*

- ⇒ *Exclusive data due to a protective locking system in the smartcard*
- ⇒ *Time saved*
- ⇒ *Profitability*
- ⇒ *Reliability*
- ⇒ *Ease and security of ECU's updating (maintaining the warranty, reducing of ECU's stocks)*

***No more replacing ECU's and Eproms***

## *The warranty of the quality*

*The service and assistance added*

*If you subscribed,
